Dear Ms Douglas,

**RE: APPLICATION FOR LEAVE TO APPEAL**

Thank you for your letter dated May 8th 2024, a scanned copy of which has been placed at the following www location:.

<http://www.humanrightsireland.com/AppealsServiceNorthernIreland/8May2024/Letter.pdf>

Attached please find my partly completed "**Application for leave to Appeal to a Social Security/Child Support Commissioner**".

This application is late because I have been trying, without any significant success to date, to find professional legal advice and representation of the kind I have felt in desperate need of for many years now, which directly relates to the "**wrong doings**" at the hands of "**individuals and public officials and bodies**" referred to in the "**To Whom It May Concern**" letter dated **28 October 2005**, relating specifically to my particular case, written by **Dr Michael McCavert GP**, and a scanned copy of which has been placed at:

<http://www.humanrightsireland.com/AppealsServiceNorthernIreland/13Jan2023/Appeal-Related-Info.htm#DrMichaelMcCavertGP>

Please note that to date, I have never managed to find a professional lawyer willing to even discuss the contents of this October 28th 2005 letter with me, which is now well over 18 years old of course, let alone use it on my behalf for my protection, against the different types of "wrong doings" in question: which from my viewpoint at least, means that the "**individuals and public officials and bodies**" involved can continue to subject me to their wrongdoings -- **with absolute impunity** -- as it appears to me, and to go on doing so indefinitely, the way things are at the present time.

As I have stated in my **April 19th 2024** registered letter to TAS (marked **For The Attention of the TAS Legally Qualified Member Mr Martin O'Brien (Barrister)**, that while I strongly believe I should apply for Leave to Appeal the July 28th 2023 TAS (The Appeal Service) decision, in practice however, I feel I cannot sensibly attempt to do so without the help of a qualified lawyer of the kind who recognises and supports human rights law, constitutional law, contract law, and tort law (as it applies to the violation of "Duty of Care" principles), in the Republic of Ireland, in the United Kingdom of Great Britain and Northern Ireland, and in the European Union, in practical and meaningful ways; and, who, in particular, is willing and able to take proper account of the **context** of the original set of "wrong doings", as they were when Dr Michael McCavert stated them in his October 28th 2005 letter, and to also take into account the way this original set of "wrong doings" have since multiplied themselves to produce the many negative consequences for me, in terms of the several legal, medical, financial, and social problems I have now ended up being saddled with: all thanks, as I see it, to the ongoing refusal of the legal profession to provide me with proper professional legal advice and representation. I have referred to some of these difficulties, in a variety of ways, under numbers 1 to 10 of my April 19th 2024 letter. As I have long believed the overall situation I had already felt very unhappily trapped in for several years before the sudden cancellation of my Pension Credit payments in 2019, without warning or notification, and followed a few months later by the cancellation of my Housing Benefit payments, to be **symptoms**, of the so far unresolved basic set of "**wrong doings**" -- (**i.e. the root-causes**), -- of my present array of problems, which date back to around 1997/98. Please know that a scanned copy of the April 19th 2024 registered letter referred to above in this paragraph has been placed at:

<http://www.humanrightsireland.com/AppealsServiceNorthernIreland/19April2024/RegisteredLetter.pdf>

Very high on the list of my additional unwanted, and unanswered difficulties, since July 2015, is the unresolved matter of the extant warrant for my arrest in the Republic of Ireland, which is what has been preventing me from returning to my own home in the Republic of Ireland since July 2015. My many efforts throughout the past 9 years and 11 months

or so, to lawfully resolve this particular problem, include the letter I sent through the registered post to Garda (Republic of Ireland Police) Sergeant Bridget Shelly dated May 5th 2022. I have never received any reply of any kind from Garda Sergeant Shelly, or from any of her colleagues at An Garda Siochana, to my May 5th 2022 registered letter to her, a scanned copy of which has been placed at:

<http://www.humanrightsireland.com/GardaSergeantBridgetShelly/5May2022/RegisteredLetter.htm>

Also, the **"22 June 2022"** FACEBOOK Post of mine referred at the www link immediately below, to the present "Tánaiste" (Deputy Prime Minister of the Republic of Ireland) Mr Micheál Martin TD, has so far failed to produce any useful results for me, in connection with my efforts to be able to return safely to my home in the Republic of Ireland:

<https://www.facebook.com/william.finnerty.3/posts/pfbid0tw4p6jJDxXlf3gDc6p4gUzce92Qqesve6unCHuipywb4j35m9A5hLSwNATEjhU6ul>

In the absence of any meaningful legal assistance of value to me to date, from the legal profession (throughout the whole of the past 25 years approximately), I have recently sought help from one of the AI (Artificial Intelligence) internet services regarding my present need to provide TAS with information relating to the **"point of law"** question on your "Application for leave to Appeal to a Social Security/Child Support Commissioner".

My question to the AI computer, and the AI computer's reply are stated in the section just below.

=== === ===

#### QUESTION TO AI COMPUTER:

***What do lawyers mean exactly when they use the expression "point of law"?***

#### REPLY:

***When lawyers use the expression "point of law," they are referring to a specific legal issue or question that needs to be resolved in a case. It is a question about the interpretation or application of the law, rather than a question of fact. Points of law are typically raised and argued by the parties involved in a legal dispute, and they form the basis for legal arguments and decisions.***

***Points of law can include issues such as the interpretation of statutes or regulations, the application of legal principles to the facts of a case, the admissibility of evidence, the constitutionality of a law, or the proper procedure to be followed in a legal proceeding. These points are often debated and decided upon by judges, who rely on legal precedent, statutes, and legal principles to reach their conclusions.***

***In summary, a point of law refers to a specific legal question or issue that needs to be addressed and resolved in a legal case, and it forms the basis for legal arguments and decisions.***

=== === ===

Allowing for the fact that I have no legal qualifications, and for the scope and the legal complexities of the "point of law" information provided by the AI computer referred to in the section just above, I trust that all those concerned with this "Application for Leave to Appeal" of mine will understand why, by myself, i.e. without any professional legal advice and representation of the right kind, I feel I cannot sensibly attempt to provide TAS with the written "point of law" information required of me at this particular time, which might as I see it, result in I coming under pressure to later engage in a court of law -- all by myself -- in legal debates and legal arguments with one or more professional lawyers.

Regarding the "point of law" material I am unable to provide TAS with just now, please know that my efforts to find the right kind of professional legal advice and representation I feel I need are ongoing, despite the fact, as I see it, that I still continue to be powerfully denied the legal assistance I badly need, and which I believe I have been entitled to by law from the legal profession, throughout the whole of the past 25 years or so: for no good reason that I know of, or can think of. Please note the **"thwarted at every turn"** information contained in the letter dated **September 13th 2005** written by **Senior Social Worker Mr Gerard Madden** to the then **Northern Ireland Justice Minister David Hanson MP** at:

<http://www.constitutionofireland.com/GerardMadden13December2005/Letter.htm>

and, in the email to the **UK Mental Health Awareness Organisers**, dated **May 17th 2019**, which was copied to several **"individuals and public officials and bodies"**, titled:

**'STILL BEING "THWARTED AT EVERY TURN"'** at:

<http://www.humanrightsireland.com/MentalHealthAwarenessUK/17May2019/Gmail.html>

It would be much appreciated if you could provide me with a written acknowledgement of receipt for this email please.

Yours sincerely,

William Finnerty.
